

EYFS

A baseline assessment is completed by the teacher for the children on entry to the reception class. From then on they are expected to make a steps progress every term to make expected progress. Children that are expected in the Early Learning Goals will achieve a good level of development regardless of their starting point. If children come in as a '3'(at the expected standard) and finish on a 3. They have made expected progress. If they finish on a 4 they have made better than expected progress.
